

ELEMENTARY PROGRAM (GRADES 1-5)

ELEMENTARY PROGRAM PHILOSOPHY

The Elementary School Program lays the foundation upon which a child's education is built. Students are encouraged to develop a positive attitude towards themselves and learning in a safe, faith base, nurturing environment. Children are encouraged to explore, discover and investigate the world around them, thereby broadening their horizons. Saint Michael School aims to educate children to become kind, cooperative, responsible citizens who will accept and respect individual differences in others - just as Jesus taught. Our children will face new challenges, unafraid to try, and unafraid to fail. Education is a lifelong process, and we strive to prepare children for the journey.

ELEMENTARY CURRICULUM

The Elementary School curriculum is updated and reviewed annually to ensure it meets the high standards set forth by the state of Massachusetts and Archdiocese. Students are encouraged not just to be active learners but to be leaders, good citizens and role models for those around them. Please check our web site for specific curriculum areas.

In addition to outlined classroom learning, your child will participate in:

- Music
- Library
- Art
- Computer
- Spanish
- Physical Education
- Mass Services (first Friday each month)

STUDENT COUNCIL

Grades 3-8 participate in the Student Council. Each grade holds an election and two students from each homeroom form the Student Council. They meet once a month and work together to plan fundraising and community enhancement projects.
