6th Grade Summer Book Report 2025

Soon, you'll be enjoying your summer reading book sitting under a tree, sitting by the pool, or relaxing in your room. What could be better!

Once you're done reading one of the books below, you'll work on one of the many options that have been provided for you. The instructions and project ideas will also be in Google Classroom entitled 6th Grade Summer if you lose the hard copy or don't get one. You will come to class on the first day of school with your project in hand, unless you chose the book trailer. In that case, you've emailed it to my Gmail account (debra_adam@saintmichaelschool-na.com). **Join the class using the code kxcrjdep. If you were here in 5th grade, you're already in the class.**

This is your first homework grade of the new school year. Remember to do your very best work. You should always put your best foot forward!

I can't wait to see you all. Sit back, relax, and ENJOY YOUR BOOK!

Mrs. Adam

6th grade, please choose ONE:

- *A Long Walk to Water* by Linda Sue Park
- *The Insignificant Events in the Life of a Cactus* by Sharon Creech
- *Holes* by Louis Sachar
- *Song for a Whale* by Lynne Kelly
- *I Will Always Write Back* by Caitlin Alifirenka and Martin Ganda
- *Other Words for Home* by Jasmine Warga

6th Grade Summer Reading Book Report Ideas

Read one book from the summer reading list above. Then, choose one book report format to complete. Please bring it with you on the first day of school. This is a homework grade. You'll be sharing with your classmates. Reading is traveling without leaving home. Enjoy your travels!

1. Think of an important scene from the book and create a diorama that illustrates this scene. Include a paragraph on the back explaining the event from the book.
2. Make up your own quiz for the book. Have at least 15 questions (multiple choice, fill in the blank, short answer, true/false, matching, etc.) Be sure to include an answer key.
3. Write an essay explaining what things you would like to change about the story.
4. Write a letter to the author telling him/her what parts you enjoyed the most about the story. The letter must be at least three paragraphs.
5. Retell the major plot (Problem) points of the story in a comic strip format.
6. Make a collage (words and pictures) relating to the book and its characters.
7. Illustrate a book jacket (front and back cover) for the book. Your illustration must be completely different from the actual cover. Don't forget to include a summary.
8. Come up with a minimum of 10 interview questions for one of the characters in the book and then give his/her answers.
9. Make a list of at least 5 important things that you learned from reading this book. Be sure to explain each one.
10. If you enjoy technology, make a book trailer. Then, email it to me at debra_adam@saintmichael-na.com.

Just as students benefit from reading throughout the summer, it would also benefit them to practice math too. Inside, you will find 25 math problems based on what your child learned in math the previous year. Your child will need to complete these problems at any time over the course of the summer.

Once your child has solved each problem, he/she can then open their Saint Michael gmail account and complete the summer math packet by typing their answers in the *Google Classroom 6 Summer Math 2025* link posted at the top of this notice. The answer sheet can only be submitted once.

This summer math assignment may be submitted before the first day of school with all 25 answers and will count as your child's first homework grade in math. If printing is a concern, please hand in completed work in writing, on the first day of school.

Spend some time this summer reviewing multiplication facts and telling time using a *face clock*. Reviewing problems from their used Math books would be helpful as well. Playing card games, logic puzzles, and dealing with money will help keep your child's Math skills sharp during the summer months. If you have any questions or concerns please let me know.

Have a great summer,
