5th Grade Summer Book Report

Soon, you'll be enjoying your summer reading book sitting under a tree, sitting by the pool, or relaxing in your room. What could be better!

Once you're done reading, you'll work on a diorama. Think of an important scene from the book and create a diorama that illustrates that scene. Include a **paragraph** on the back explaining that event from the book.

Choose one book from the list:

- *The Mixed Up Files of Mrs. Basil E. Frankweiler* by E.L. Konigsburg
- *The Wishing Spell- The Land of Stories* by Chris Colfer
- *Restart* by Gordon Korman
- *No Talking* by Andrew Clements
- *Save Me a Seat* by Sarah Weeks

Sit back, relax, and ENJOY YOUR BOOK!

Join Google Classroom : Summer 2026 Grade 5 Math practice Access Code: zxhtict5

Grade 5 student and parents;

Just as students benefit from reading throughout the summer, it would also benefit them to practice math too.

Inside, you will find 25 math problems based on what your child learned in math the previous year. Your child will need to complete these problems at any time over the course of the summer.

Once your child has solved each problem, he/she can then open their Saint Michael gmail account and complete the summer math packet by typing their answers in the *Google Classroom Summer 2026 Grade 5 Math 2026 link* posted at the top of this notice. The answer sheet can only be submitted once.

This summer math assignment may be submitted before the first day of school with all 25 answers and will count as your child's first homework grade in math. If printing is a concern, please hand in completed work in writing, on the first day of school.

Spend some time this summer reviewing multiplication facts and telling time using a *face clock*. Reviewing problems from their used Math books would be helpful as well. If you have any questions or concerns please let me know.

Have a great summer,

Grade 5/6 Math Teacher, Ms Decoteau

Saint Michael School, marguerite_decoteau@saintmichael.com

Pass in Google Classroom link **or** hand in written work at 1st Math class

1) $32,467 + 4,091$

2) $\$492.36 - \86.14

3) 9×12

4) 8×7

5) 40×8

6) 78×8

7) 96×30

8) 120×12

9) $2,587 \times 21$

10) $273 \div 3$

11) $48 \div 5$

12) $612 \div 12$

13) $78 - 48$

14) $49 + 29$

15) $58 + 28$

16) $12 + 14$

17) What many sides are there in a hexagon?

18) What is the name of this shape?

19) What is the measurement of the *perimeter* in the following shape?

20) What is the *area* of the shape above?

21) This is how to write the number 2,368 in expanded form.

$$(2000) + (300) + (60) + (8)$$

Now write 5,875 in expanded form.

22) If you spend 20 minutes a night on your math homework, how much time (in hours and minutes) would you spend in 5 days?

23) You have \$10.00. You buy 3 sodas for \$1.75 each. How much change should you receive?

24) Emily and Jesse opened a lemonade stand. They sold 45 cups of lemonade for 20 cents each. How much money did they make?

25) Laura's soccer team members are taking vans to the tournament. Each van can hold 6 girls. There are 26 girls on the team. How many vans do they need?
